

**13:10 - 14:50** Prostate cancer

**Chairs: G. Kramer and C. Seitz**

**13:10 - 13:30**

Prostate cancer risk, screening and management in patients with germline BRCA1/2 mutations

P. Rajwa, PL

**13:30 - 13:50**

Management of clinically node positive prostate cancer

J. Bektic, AUT

**13:50 - 14:10**

Intensifying treatments for mHSPC

I. Heidegger, AUT

**14:10 - 14:30**

How to best use current drugs: treatment sequencing and combinations for metastatic castration resistant prostate cancer

G. Kramer, AUT

**14:30 - 14:50**

Circulating tumor DNA for biomarker detection in patients with CRPC – ready for prime time

T. Bauernhofer, AUT

**14:50 - 15:20** Coffee break

**15:20 - 17:00** Kidney cancer

**Chairs: M. Schmidinger and C. Porta**

**15:20 - 15:40**

Patient selection for adjuvant therapy in RCC

D. Niedersüß, AUT

**15:40 - 16:00**

Cytoreduction in mRCC: who, how, when?

H. Fajkovic, AUT

**16:00 - 16:20**

Is there a role for triplet therapy in the first-line setting of mRCC

C. Porta, IT

**16:20 - 16:40**

Can we treat beyond guidelines

M. Schmidinger, AUT

**16:40 - 17:00**

Patient reported outcomes and perspectives in cancer surgery and therapy

M. Leitsmann, AUT

**17:00 - 17:30**

**Keynote Lecture**

To know cancer is to defeat cancer: lessons from precision medicine

W. Berger, AUT

**17:30 - 17:40**

**Goodbye and farewell**

This event will be approved by the Austrian Medical Chamber with DFP.

**Controversies in Urology Oncology**

**14th-15th April 2023**

**Vienna, Austria**

**Friday 14th:**

Hörsaalzentrum  
MedUni Wien/AKH Wien,  
Währinger Gürtel 18-20,  
1090 Vienna

**Saturday 15th:**

Josephinum  
Währinger Straße 25,  
1090 Vienna

**International Lecturers  
Newest Therapies and Concepts  
Innovation and Interaction**

DEPARTMENT OF UROLOGY

In cooperation with:

BvU (M. Özsoy), FBK ÖGU (H. Fajkovic), AK Uro-Oncology (K. Gust), Imaging (C. Seitz), Laparo & Robotic (M. Remzi)

## Friday, 14th April 2023

Location: MedUni Wien/AKH Wien

**15:00 - 16:30**

First course

**16:30 - 17:00**

Coffee break

**17:00 - 18:30**

Second course

### Workshop 1

Case based discussion of metastatic prostate cancer

G. Kramer (hormone sensitive)

T. Bauernhofer (CRPC)

I. Heidegger (very high risk localized)

### Workshop 2

Case based discussion of advanced bladder cancer

K. Gust (perioperative therapy)

J. Krauter (first line mUC)

M. Pichler (second and beyond mUC)

### Workshop 3

Case based discussion of advanced kidney cancer

M. Schmidinger

C. Porta

### Workshop 4

MRI and fusion biopsy for prostate cancer

P. Baltzer

S. Korn

### Workshop 5

Endoscopic surgery (hands on)

H. Fajkovic (lap)

M. Remzi (lap)

D. D'Andrea (endoscopy)

D. Enikeev (endoscopy)

J. Veser (ureteroscopy)

We are delighted to present you our upcoming meeting **CUO23 - Controversies in Uro-Oncology**.

This meeting is an in-person 2 days educational program that brings together national and international experts in the field of urologic oncology under the auspicious of the Department of Urology, Comprehensive Cancer Center, Medical University of Vienna and the education committee of the Österreichische Gesellschaft für Urologie and the Berufsverband der Österreichischen Urologen.

**On Fridays April 14<sup>th</sup>**, we organize five interesting intensive courses on prostate, bladder and kidney cancer as well as hands on laparoscopy and endoscopy.

**On Saturdays April 15<sup>th</sup>**, state-of-the-art lectures will provide health care providers and scientists with an update on the breakthroughs of 2023 in urologic oncology, to maintain their high level of care and further optimize their outcomes.

#### Target Audience

This educational activity is directed toward health care providers and scientist involved in the management of patients with urologic oncologic maladies.

#### Learning Objectives

At the conclusion of this activity, participants should be better prepared to:

- Describe the newest methods for diagnosis and information that can provide the rationale for clinical decision-making.
- Summarize recommendations that shape current care strategies.
- Develop multidisciplinary strategies to optimize patient outcome.
- Assess recent practice-changing clinical trial findings concerning novel tools, compounds or strategies.
- Apply emerging clinical and scientific concepts to support the management in consideration of evolving treatment paradigms in urologic oncology.

## Saturday, 15th April 2023

Location: Josephinum

**08:00 - 08:10**

Entry and registration

**08:10 - 08:30**

Welcome and introduction

**08:30 - 10:10**

Bladder cancer

**Chairs: K. Gust and M. Moschini**

**08:30 - 08:50**

Enbloc for NMIBC: where we stand now

D. Enikeev, RU

**08:50 - 09:10**

Next generation therapies in NMIBC

F. Soria, IT

**09:10 - 09:30**

Bladder preservation after neo-adjuvant chemotherapy: possible today

M. Moschini, IT

**09:30 - 09:50**

Recent Developments in Bladder Pathology

A. Oszwald, AT

**09:50 - 10:10**

Sequencing systemic therapies and looking to the horizon for metastatic urothelial carcinoma

C. Mir, ESP

**10:10 - 10:40** Coffee break

**10:40 - 12:20** Pot pourri

**Chairs: S. Ahyai and H. Fajkovic**

**10:40 - 11:00**

HPV vaccination – a gender neutral cancer prevention strategy  
E. Joura, AUT

**11:00 - 11:20**

Can we make NMIBC treatment better tolerated and cheaper  
Benjamin Pradere, FR

**11:20 - 11:40**

MicroRNAs as diagnostic biomarkers in testicular cancer  
M. Pichler, AUT

**11:40 - 12:00**

Essentials of pheochromocytoma and adrenocortical carcinoma  
M. Remzi, AUT

**12:00 - 12:20**

Open surgical aspects of different urinary diversions: pros & cons  
S. Ahyai, AUT

**12:20 - 13:10** Lunch break
